Commission of Zimbabwe

**Farai Mpofu**  
Securities and Exchange  
Commission of Zimbabwe

## **SECZIM WEBINAR SERIES 2/2026**

Hosted by the Commission, this webinar features the Ministry of Lands, Agriculture, Fisheries, Water and Rural Development, the Zimbabwe Mercantile Exchange (ZMX) and the Financial Securities Exchange (FINSEC), and will demystify Zimbabwe's Warehouse Receipt System (WRS), a market-driven mechanism that improves storage, and access to the market and to finance for farmers and agri-businesses.

The platform aims to improve productivity, reduce post-harvest losses, promote financial inclusion, and deepen investment flows in agriculture.

Participants will gain an understanding of how the WRS functions on the FINSECs ZMX platform, how warehouse receipts can support financing, hedging, and structured trade, and the role of the Ministry in strengthening agricultural markets. The discussion will explore warehouse receipts as instruments that can channel capital into agriculture creating opportunities for farmers, aggregators, financiers, and processors to benefit from structured markets.
